EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eugene Szczecina on 4/16/04.

The application has been amended as follows:

Page 3, line 14, "surface 56" has been changed to – surface 55 –.

Claims 1,13 and 21, line 17, -- of said first connection part – have been inserted after " rib".

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: an external threaded surface 55 should be shown in the drawings and formal drawings should be submitted. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance:

Claims 1-24 are allowable over the prior art of record for at least the reason that the prior art fails to teach or suggest a locking sleeve with a first end and a second end, each of the ends having a lip projection, the lip at the second end being fixedly received within the recessed notch in the rib of the hollow second connecting part, wherein the axial movement of the locking sleeve in one direction being limited by abutment of the

Art Unit: 2833

externally projecting annular rib of the first connecting part and said inwardly projecting lip on the first end of the locking sleeve, thereby preventing disassembly of the first connecting part and the second connecting part as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hien D. Vu whose telephone number is 703-308-2009. The examiner can normally be reached on 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Paula Bradley can be reached on 703-308-2319. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
